SWPE [dB]

qubit number N **(b)**

numbers to store / fit

qubit number N **(c)**

wall clock [s], 6 workers

qubit number N

- noiseless floor ● decoder retraining
- unmitigated ● D-VAQEM (selected)
- ZNE Richardson ● oracle (known noise)

- D-VAQEM map fit ● oracle grid (361 phases)
- decoder retraining ● calibration (21 phases)
- exact dataset (5 folds)
